WELCOME GUIDE

BEHIND THE

Lens

Adriane Homung is the owner/artist behind the lens at Wraven Design. She currently works from her home studio in York, Pennsylvania.

Wraven Design offers unique portraiture and event photography, specializing in the use of drama and light to create a moody and artistic fairy tale style.

First and foremost, Wraven Design does not discriminate based on sexual orientation, gender identity, race, ethnicity, religion, or (dis)abilities. The only thing we will judge you for is your taste in music.

Wraven Design is a female-owned and operated business and, currently, all of our photographers are women. This happened organically based on the blending of personalities and shooting styles but we are very proud of it. That is not to say that Wraven wouldn't employ all genders. We are equal opportunity here.

Whether your event is a five-person elopement on a mountain top, twenty guests on a beach, a hundred on a farm, or three hundred plus at an estate, we are game. We love to travel! Weddings can be booked locally, across the US and internationally.

We're all nerds around here. Walking down the aisle to The Lord of the Rings soundtrack? Love it! Harry Potter engagement session? So down. Superhero groomsmen? Love that too! Any and all fandoms are welcome, so let your nerd flag fly with us!

Fairy tales are our jam. Fantasy themes are a huge favorite; the more magical the better! We also love all things vintage, from suspenders and newsboys caps to tea-length dresses and victory curls! If you have a favorite day of yore, let us know!

Your photos should be as unique as your love story, so let us capture your fairy tale.

"I am truly *fortunate*
to be able to do what
I love. Photography is not
just a job, it is a huge
part of my *life.*"

~
Adriane

#WRAVENDESIGN

A romantic wedding photograph of a couple in a lush green field at sunset. The bride is in a white gown, and the groom is in a dark suit. They are standing on a small mound of grass, looking at each other. The scene is reflected in a body of water in the foreground, creating a symmetrical effect. The background features rolling hills and trees under a warm, golden sky.

These pictures have surpassed my wildest dreams. I am just blown away. Everything looks so epic and dramatic, yet warm and soft. You are like the last unicorn on earth! I am so happy that [we] found you... it all just seemed to be fate."

WHAT TO *Expect*

Wraven Design captures all of the carefully-crafted details of your unique love story in a rich, fairytale style and preserves them for a lifetime. This welcome guide is meant to walk you through a bit about our business and answer some of our clients most frequently asked questions. We are here to help you plan and coordinate all of the photography-related details for your engagement session and wedding day.

INVESTMENT

We ask for a deposit of 1/3 of your package price to hold your date. Typically, an additional 1/3 will be due prior to wedding and your final payment will be due before your photos are released to you. This structure can be broken down into smaller payments to fit your budget, just ask us!

THE WEDDING TIMELINE

We generally start coverage with the detail shots, which are "still life" photos of your wardrobe, accessories, and decorations. It is helpful to have these items ready when we arrive.

We then cover the final touches of you both getting ready for your big day as well as candid photos of your wedding parties.

If you and your partner choose to do a "First Look," this is when that will take place.

We can focus on family and group portraits before or after the ceremony, or both!, depending on preference.

We will then cover every moment of your ceremony from entrance, through vows and rings, through to your exit.

Reception coverage varies between packages so whether you need a lot or a little, you can choose the amount of time that fits your unique day.

YOUR *Questions*

HOW FAR IN ADVANCE SHOULD WE BOOK OUR DATE?

We suggest booking at least 6-12 months in advance. In some cases that simply isn't possible, so we suggest booking as soon as you have a date, time and venue set.

DO YOU TRAVEL FOR WEDDINGS?

Yes, we are happy to travel for your event! A travel fee of \$50 per hour for time and expenses will be added for weddings within driving distance. Air travel and/or reasonable accommodations can be agreed upon for weddings requiring them.

WHEN WILL OUR WEDDING IMAGES BE AVAILABLE?

Preview images will be posted within 24-48hrs of your wedding. Product delivery time will vary, but digital files should be available approximately 6-8 weeks later. If you have a special request for certain shots to be available sooner, please let us know!

WHAT IF MY EVENT GOES OVER OUR CONTRACTED TIME?

We understand that events don't always go as planned. If your contracted time is up, but your event is still underway, we are happy to stay in most cases. At the end of your contract time, we will ask you if you would like us to extend. If so, we will charge our hourly contract rate, rounded to the next 1/2 hour increment.

WHICH PHOTOGRAPHERS WILL BE SHOOTING MY WEDDING?

Adriane will be the primary photographer for all weddings. Depending on the size of your wedding, a second photographer or an assistant may also cover your event. If another photographer will be participating, it will be agreed upon in your contract prior to the event.

DO YOU OFFER VIDEOGRAPHY SERVICES WITH YOUR WEDDING PACKAGES??

My specialty is wedding photography and I focus all of my time and attention on capturing your event through photos. We do work with a wide variety of wedding professionals and are happy to team up with your videographers of choice.

DO I NEED TO ORDER MY PRINTS AND/OR PRODUCTS THROUGH YOU?

You are welcome to order your photos or other memorabilia from any print lab. Please note that, while the cost of printing with your local photo lab may be enticing, retail printing services are non-archival which means that they will not retain their quality over time. You may also notice less than desirable color results, as they do not always calibrate their equipment for an exact color match. For the most accurate and longest-lasting prints, please utilize the checkout feature in your personal gallery. Many of our packages include print credit for your gallery. We will be happy to help you with this process if you need guidance.
